SITE INSPECTION EXAMPLES:

We are able to perform an exterior check of your residence to verify the following:

The condition of the grass and landscape plants, are they being maintained properly?

Does the grass or plants require additional watering? Are there any trees, tree branches, or debris lying around on the property? Are all doors and entry ways, including in the lanai area secure? Are all windows and screens intact; is there any indication of an attempted forced entry? Are all of the outdoor water/hose connections secure and turned off?

Is the pool water at the proper level, or is it too high or too low? What is the Visual condition/color of the pool water? Are there any newspapers, flyers, advertisements lying around on the property, driveway, yard, or lawn areas? Are any vehicles parked in front of the home on the road, or parked in the driveway? We can obtain the make of the vehicle, the color, and plate number, and state of registration information.
