**FOR HOME, OFFICE, OR COMMERCIAL USE - IN FLORIDA – & ALSO HOW TO CHANGE YOUR CURRENT SUPPLIER -**

## **THE ANSWER TO PURCHASING PROPANE GAS AT DISCOUNT RATES IN CENTRAL FLORIDA - FOR HOME OR COMMERCIAL USE:**

We purchased a whole house generator along with an in ground propane gas tank, it also services our pool heater, and fire pit that use propane. The installation was permitted by New Smyrna Beach Building Department, and was installed by a licensed contractor. We chose to own our 500 gallon in ground propane tank. Recently I made several calls to local companies that sell propane gas, and was amazed to find that delivered propane gas prices were anywhere from \$1.99 to \$3.99 per gallon. Prices vary depending on location, on the amount of gallons purchased on a specific date, and the time of year the delivery was made depending on location & markets.

**Large Commercial Customers can expect to pay SUBSTANTIALLY LESS \$\$\$ – Contact Ideal Gas Regional Sales Manager - Richard Poremba at 904-814-5953 for special pricing! The price per gallon of Propane Delivered to commercial businesses can range from \$1.99 to \$3.99 per gallon, depending on the time of year delivered.**

Since Ideal Gas started their new marketing program in 2021, they have signed up many new propane customers in Central Florida, including wholesale accounts that re-sell their propane gas locally!

A friend is in the propane business in Texas and Georgia, and he recommended that I call one of the oldest and largest propane companies in Florida for pricing. The name of the company was Ideal Gas - they have been in the propane gas business in Florida for **85 years**; as a main supplier of propane to commercial businesses and homes. They specialize in installing propane tanks, and delivery of propane gas throughout Florida. **We called and spoke to their Regional Sales Manager-Richard Poremba at 904-814-5953.** We advised Richard that we owned our own 500 gallon in ground tank, and were looking for good pricing on propane deliveries. **Ideal Gas Propane Prices currently run between \$1.99 to \$3.99 per gallon** -depending on the amount delivered, and specific location that day, as well as the time of year delivered. **Commercial pricing is less.** For us, there was a substantial saving! Richard advised us that they have several brand new 3,000 gallon propane computerized delivery trucks; which they use to service New Smyrna Beach, Port Orange, Daytona Beach, and surrounding areas in Southeast Volusia County Florida - on a weekly / as needed basis.

Richard also advised me that some customers may not own their own propane tanks, and he gave us information for neighbors who may want to change from their current propane delivery company, to Ideal Gas Company – the information and the procedure to be used for changing suppliers is below. The 2 links below also will give you some additional information about Ideal Gas Company:
